

## HOW OUR CUSTOMERS WIN

Our customers **rely** on the products and services of MPT. Whether they require **standard or customized** solutions, our customers know their needs will be met. When you need **high quality solutions** in the **1-100 GHz range**, you know you will receive the **right solution** with a **lower risk** at the **right time**. For quality solutions that bring peace of mind, contact us today.

## PRODUCTS

### PHASED ARRAY SUBSYSTEMS AND MODULES

- T/R Modules (S-Band, C-Band, X-Band, Ku-Band, and Ka-Band)
- Antennas, Transmit modules, Receive modules

### RECEIVERS, TRANSMITTERS AND DOWN/UP CONVERTERS

- Direct Conversation, Super Heterodyne, Up/Down Converters
- Exciters, Digital Receivers, Software Defined Radios

### AMPLIFIERS

- MMIC, GaAs, GaN, Amplifiers, Mixers, Variable Gain Amplifiers
- Low noise Amplifiers, High Power Amplifiers
- Wide Band Amplifiers, Phase Shifter Modules

### CONTROL ELECTRONICS

- FPGA, Embedded systems, Control and user interfaces

### PACKAGING

- HTCC/LTCC Ceramics, Laminates, Plastic
- Hermetic, Non-Hermetic, Microelectronics, Surface Mount Attach
- LCP, Mixed Material PCB
